Eisenhower Fitness Memberships – The Eisenhower Fitness Center has nearly 2000 members. Some of those members utilize the monthly payment drafts and some paid for their membership in full. Auto drafts will continue as scheduled. In order to be uniform in handling of all fitness memberships, the park district will provide fitness members a one month discount on their fitness membership at the time of renewal or will add one month of service to the membership's current expiration date. Members will need to advise the park district of their choice once the center reopens. The amount of the discount or extension may increase dependent upon extended closure.

Silver Sneakers/Prime Memberships – Fitness members utilizing this program should direct all questions to their insurance providers.
