FALL 2025

LAN-OAK PARK DISTRICT
PARK NOTES

Summer Projects Wrap-Up

For the park district, after months of discussion, designs, planning, bidding, and ordering, construction season starts in April. As in past years, this year the schedule was packed and the race was on to finish projects in time for the season change. As projects wrap up we celebrate two new playgrounds, one at Oakwood Park and one at Flanagin Park, a new and updated landscaping design at the Eisenhower Community and Fitness Center, along with new concrete steps and ramp, and the construction of a new basketball facility at Bock Park. Have fun!
